# ABOUT THE SHOW

## About the Show

"Diary of a Wimpy Kid the Musical" follows Greg Heffley's misadventures in middle school as he navigates popularity, friendship, and the challenges of growing up, all while trying to avoid the dreaded "Cheese Touch." The musical explores Greg's **obsession** with popularity, his strained friendship with Rowley, and the humorous chaos that ensues as he tries to reinvent himself.

The musical centers on Greg's first year in middle school and his plans to become super popular. Besides being terrified to start middle school, Greg gets thrown into many awkward social situations and the pressure to fit in during his first year gets more intense with each musical number. Greg is determined to become one of the popular kids and believes being voted a class favorite in the yearbook will be the key. This is a great idea except for being best friends with Rowley. His new **pursuit** of popularity strains his friendship with Rowley, as he worries that Rowley's **quirky** nature is holding him back from making new friends and reaching his yearbook goal. The show intensifies with the arrival of the infamous "Cheese Touch" (from the books) a source of both humor and **anxiety** for Greg and his classmates. Throughout his year, Greg documents his adventures in his ~~Diary~~ journal from the dreaded cheese touch to the life of being named one of Larry Mack Junior Middle School's Safety Patrol Guards, "the police of the school" to finding out who your true friends are, Greg learns that nothing is simple in 6<sup>th</sup> grade.

### Book Origins

"Diary of a Wimpy Kid" originated from a college cartoon called "Igdoof" by Jeff Kinney. He initially wrote it as a 1300-page manuscript for adults before realizing it was better suited for children. Kinney then developed the story further, creating the online version on FunBrain.com. The online version's popularity led to its publication as a printed book in 2007 after it already had received approximately 20 million views. Many online readers requested a printed version. Although it was originally conceived as a book for adults, the Abrams publishing board, convinced Jeff Kinney that it would be better aimed towards children. It has **spawned** countless sequels, a musical and a feature length film!
